

OAKWOOD INDUSTRIES
LLC

OAKWOOD INDUSTRIES LLC

Oakwood Industries was started with the goal of supporting founder Clay Zimmerman's family. Since 1987 it has not only done that but grown to provide quality jobs & furniture to many more.

The employees are a big part of what makes Oakwood successful. Their attention to detail, the time-honored techniques used in building Oakwood's furniture and their exceptional customer service has made a lasting impression on consumers from around the country.

From traditional to modern Oakwood is sure to have the perfect fit for your home. At Oakwood we strive to go beyond our customer's expectations using the finest of Oak, Cherry & Maple with durable finishes to bring out the natural beauty of the wood. The wood for each piece of furniture is hand-chosen for quality assurance and only excellent grade wood is used in the construction of all our furniture. Particle board is not used in any of our pieces.

Oakwood offers full sets for kitchen, dining & bedroom or you can mix & match different styles. Not only will your Oakwood furniture be beautiful but it lasts a lifetime and can be handed down for generations to come. Oakwood is so confident of this that we offer a 10-year warranty for each piece of our furniture.

Enjoy browsing our catalog and be sure to check with us often as we are always adding new finishes & styles to our lines.

BEAUTY. QUALITY. DURABILITY.

TABLES

- Stain resistant, catalyzed finish
- Solid wood skirting.
- Self-storing leaves. (most models)
- Gear slides for easy opening.

CHAIRS

- Mortise & Tenon Construction.
- Legs beveled to fit flush to floor.
- 10 year warranty.
- Screws in leg joints.

CHINA HUTCHES

- Touch lighting.
- Glass shelves.
- Mirrored back.
- Solid wood, dove-tailed drawers.
- Mounted on full extension slides.

QUARTER SAWN

WHAT IS QUARTER SAWN?

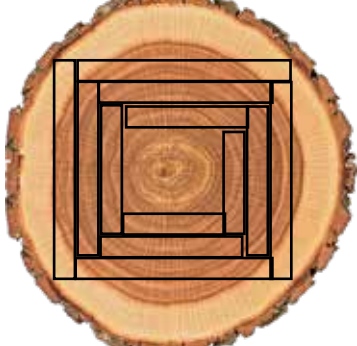

Quarter sawn is a process of sawing logs into boards that exposes the medullary ray or “flake”. The German term for this is “Spiegel Schnitt” or “Mirror Cut”. The whole log must first be quartered (hence the name), then each quarter is sawn separately. When sawing quarter sawn lumber, the yield drops 15% or more, and sawing times may increase by 20%. Quarter sawn is therefore more expensive lumber. White oak has the largest and most distinctive flake pattern of any wood and is the species of choice for quarter sawn.

Plain sawn, by contrast, is a process that exposes the large “open” grain pattern usually associated with oak. The log is turned each time it is cut until the center is reached.

QUARTER SAWN

PLAIN SAWN

PLAIN SAWN BOARD

QUARTER SAWN BOARD

WHY USE QUARTER SAWN?

There are two main reasons why you would want to use quarter sawn lumber: Quarter sawn is more stable. It expands and contracts from top to bottom instead of side to side. And more importantly is the decorative style that many love.

QUARTER SAWN

PLAIN SAWN

FURNITURE CARE

The following is a list of recommendations to ensure your Oakwood furniture stays in the best condition possible for many years to come.

- Use a clean dishcloth with mild detergent.
- If you choose to polish or wax your furniture use only high quality products, preferably without silicone. Do not pour directly onto furniture, apply to cloth first.
- Sharp objects and some place settings that are rough on the bottom edge can scratch a table top. Use placemats or a tablecloth to prevent major scratching, slight scratches will not harm the durability of the table.
- Avoid placing furniture directly in front of heat sources.
- Leaves unused for long periods of time may not exactly match a table top that has been exposed to sunlight, daily use and cleaning.
- Consider using a humidifier and an air conditioner to keep your home’s relative humidity between 30-50%.
- Solid wood will always seek a balance with its surroundings. In the home, it loses moisture to extremely dry air and contracts. As a result, table top halves may part slightly. Conversely, when humidity is high, wood absorbs moisture from the air and expands slightly. In either case it regains its original dimensions as humidity stabilizes. However, even after years of adapting to humidity cycles, solid wood will retain all the sturdiness and good looks it had the day it was made.

10 YEAR WARRANTY

Oakwood Industries, LLC furniture (excluding fabric) is warranted for a period of ten years from the date of purchase, during active business of Oakwood Industries, LLC. We will repair or replace, without charge, any defects due to faulty materials or workmanship. Customer must return faulty product, with original invoice, to dealership where purchased.

Oakwood Super Finish

A tough catalyzed varnish is the only finish used by Oakwood. Therefore you get a durable, resistant finish on your table as well as each piece of Oakwood furniture. The finish is carefully applied and hand sanded between coats to achieve a smooth finish designed to last many years to come.

Resistant to the following items:

- Water
- Vinegar
- Lemon juice
- Ketchup
- Mustard
- Permanent Marker
- Oil base paint
- Ink
- Boiling water
- Nail Polish Remover

A rustic wooden bed frame, likely made of oak, maple, or cherry, is shown in a close-up view. The bed features a headboard and footboard with a multi-paned design. A colorful, patterned fabric is draped over the footboard. In the background, a window with a grid of panes is visible, letting in natural light. The overall aesthetic is traditional and rustic.

TRADITIONAL VALUES. RELEVANT DESIGN.
OAK, MAPLE & CHERRY WITH A VARIETY OF FINISHES.
